

# Learner Resource Center

Hi all,

As you may know, we're making the transition from Linux Academy to A Cloud Guru!

You'll soon be getting consistent communications regarding the move. In preparation, I'd like to ask you to review the Learner Resource Center to get familiar with the necessary information you'll need to know.

## What's in the resource center?

We created the resource center to answer your questions, prepare you for the big day, and help you feel at home on the new platform. Some resources included are:

- A high-level tour of the ACG platform
- LA to ACG Feature Comparison
- Learning Paths Overview
- FAQs you may have about ACG

## What if I have questions?

For any questions about the transition, you can contact me directly or contact the Linux Academy support team at [support@linuxacademy.com](mailto:support@linuxacademy.com). Once we've moved to A Cloud Guru, you can still contact me or the ACG Support team at [support@acloud.guru](mailto:support@acloud.guru).

Keep being awesome!
